第2問 次の会話文を読み、以下の設問に答えなさい。

答えは  から  に入るものとして最適なものを①, ②, ③, ④の中から一つ選び、その番号を解答用紙の所定欄にマークしなさい。

*Emily and Jon are talking after going to a convenience store.*

*Emily:* I can't believe it, Jon! I forgot to bring a bag and I was charged five yen for one!

*Jon:* What's wrong with that? The government has recently introduced a new policy to reduce waste and I think it's a good idea. Plastic is destroying the environment with our over-reliance on it.

*Emily:* I see your point. But in my opinion, plastic is not the problem, humans are.

*Jon:* What do you mean by that?

*Emily:* It's our misuse of plastic that is the issue. Instead of just using a bag once and then throwing it out, we need to recycle.

*Jon:* So, what do you think should be done?

*Emily:* Well, I would improve the infrastructure in order to recycle plastic bags more efficiently. If we don't use them, we will have to rely on other natural resources, such as trees for making paper bags and that is also just not a sustainable solution.

*Jon:* I totally agree. I'm in favor of banning plastic bags. They do terrible damage to the environment and are responsible for the deaths of huge numbers of mammals and marine species. It's our responsibility as consumers to accept that it is unethical and wasteful to continue using them.

*Emily:* I agree, but I thought that plastic bags were biodegradable.

*Jon:* Some are, but many aren't, meaning that the plastic will accumulate and stay on the planet forever. Did you know it takes between 10 to 20 years for them to decompose\* and 450 years for plastic bottles?

*Emily:* Really? I had no idea! So, what can we do?

*Jon:* I think we need to spread awareness to increase understanding of the problem so we can find more sustainable solutions.

*Emily:* True. We can also refuse single-use plastic bags when we shop and bring our own reusable ones instead.

*Jon:* And people should recycle properly. The more we reuse plastic, the less will end up in the ocean. We can also organize and participate in "cleanups".

*Emily:* I've never heard of that.

*Jon:* Well, people go to a local beach or river and collect waste on their own or with friends and family. You see, we can all do our part to protect the environment.

*Emily:* So that way, we can all take responsibility and help make the world a better place. It's a great idea and sounds fun, too. Let's arrange a cleanup as soon as we can with some of our classmates.

*Jon:* That sounds like a great idea, Emily!

Dear George,

I am writing to thank you for the lesson that I took last week. It was a really memorable experience and a great introduction to a fun, new sport. I was really sore the next day, but I'm motivated to increase my skills and become physically stronger.

I apologize for the late notice.

However, could you please let me know your availability on December 20<sup>th</sup>? I would like to take another lesson if possible. I look forward to your response at your earliest convenience.

Yours sincerely,

Noah
